

Seat height: 39 cm · Back support height: 30 cm

All overall dimensions correspond to frame sizes. The drawings are not a detailed expression of how the final furniture appears. Scale: 1:100.

Playground was designed in 1998 and was the first of its kind. Playground is more than a sofa. Playground is a daybed, a guest bed and a chaise longue. With a simple design complemented by cone-shaped and fully movable back supports, the sofa can be used in many ways. Playground can fit in beautifully in many places - from a luxurious lobby to a sofa in a hotel room, an extra sofa in a cosy corner or put several together and create a large versatile sofa that will serve as a natural gathering point in any foyer or office space.

FRAME: Solid-wood frame with Nozag-spring seat-base, covered with HR polyurethane foam in a 600 g pre-compressed, fibre-fill wrap.

The free movable backs consist of a solid-wood frame covered in 10mm hard foam (bonded foam).

CUSHION: Back cushion is a down-top cushion consisting of a highly elastic HR polyurethane foam core

with a wrap of 100% down and small duck feathers sewn into a ribbed, feather proof cambric casing. To retain the feather cushion's appearance and shape, regular fluffing-up and airing are recommended.

COVER: Playground is available with fabric or leather upholstery.

Standard delivery, both in fabric and leather, has removable cover on the frame with a calico cover underneath.

All cushion covers have zip-closing.

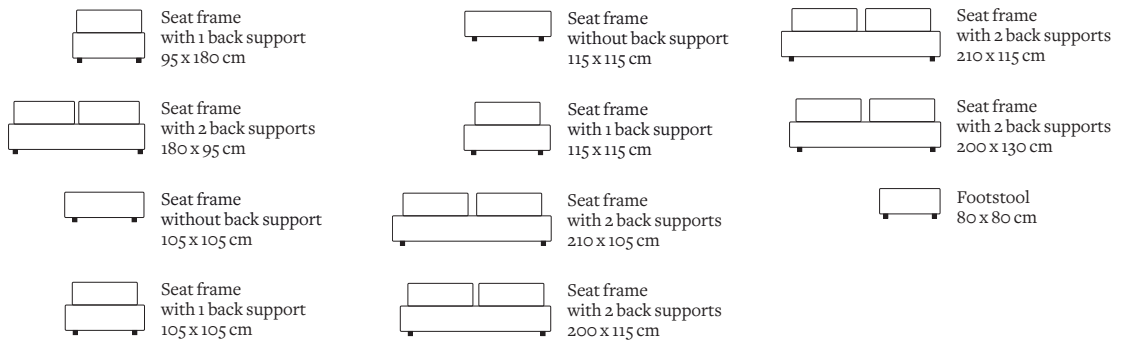

LEG: Standard delivery has 80 x 60 x 60 mm hidden black molded legs of nylon.

GURANTEE: The factory provides a 5-year guarantee, to cover frame, springs and cushion filling.

No guarantee is provided for fabric and leather upholstery. Please see special information on selection of fabric and leather on www.eilersen/contract.eu

DIMENSION: All overall dimensions correspond to frame sizes.
