With an innovative approach to craftsmanship, the Amon combines classic lines and soft cushions with a frame just above the floor for a look that’s practically floating. Amon bears the quality and is the result of more than 130 years of craftsmanship.

The Amon combines comfort and aesthetics in the ideal package. Thanks to a thick, 100% down back-cushions and down-top seat cushion. Amon offers superior comfort that standard includes outer and inner back cushions as well as arm cushions. The firmer outer back cushion is part of the comfort and brings the soft feel.

The standard version comes with a fixed cover, but it is possible to order a removable one that can be dry cleaned and changed as desired. Underneath the cover there is a calico cover made from 100% cotton to protect the upholstery

Amon is available as a two- and three-seater sofa, several sections, and footstools in a variety of lengths. This modularity makes it easy to adjust to the size and needs of your space.

Seat height is standard 38cm (15”) but can be increased by either 2 (3/4”) or 4cm (1 1/2”)

FEATURES:

- The sofa comes standard in two sizes and the sofa modules in eighteen sizes making the length totally customisable, while the depth remains consistent.
- Fixed cover is standard but removable cover is available.
- Amon can be customised for individual wishes.
- Customise with fabric choices in 200+ options, including using your own fabric.
- Seat height can be increased by either 2cm (3/4”) or 4cm (1 1/2”) with our leg heightening kit. Standard leg is 6x6x6cm (2 1/3”).
- The footstools can also be used as a closing, centre, and corner section.
- New cover is available for the model

WHAT TO CONSIDER:

- Due to the down cushioning, this product does best with regular fluffing

FRAME: Frame in solid Scandinavian pine doweled together in triangular frames, assembled and braced with low emission Masonite, using a water-based glue. Seat suspension of highly elastic Nozag springs of varnished European carbon steel mounted in specially developed coated silent spring holders. The frame is upholstered with several types of high-quality polyurethane and hard foam for comfort and long durability.

CUSHIONS: The seat cushion is a down-top cushion consisting of a highly elastic polyurethane foam core with a wrap of 100% high-quality down and small duck feathers, sewn into a ribbed, down-proof cambric cushion (casing) in 100% cotton.

The cushion filling in other cushions is 100% high-quality down and small duck feathers, sewn into a ribbed down-proof cambric (casing) in 100% cotton.

All down and duck feathers is a biproducts from dead animals used in the food industry.

The down can emit a faint odor at high humidity and should be air-dried regularly. To maintain the shape and appearance of down cushion and pillows, regular fluffing-up and airing is recommended.

COVER: Amon is available upholstered with a fabric or leather from the entire Eilersen collection or upholstered with a COM fabric or leather (customers own material).

With fabric upholstery the standard delivery is with a fixed-frame cover, alternatively with a removable cover on the frame, both with an undercover in stout made of 100% cotton.

With leather upholstery the standard delivery is with a fixed cover on the frame with an undercover in stout made of 100% cotton.

All cushion covers are equipped with a high-quality zipper.

LEGS: Amon is delivered as standard with hidden black legs, 60x60x60mm, molded in nylon (Polyamide PA6) produced with a content of 98% recycled plastic. The height of the legs (seat height) can be increased by either +2 or +4cm.

WARRANTY: The factory provides a 5-year guarantee to cover frame, springs and cushion filling.

No warranty is provided on fabric and leather from the Eilersen collection or on COM fabrics.

Please see guidance for choosing fabric and leather at HERE.

DIMENSION: All dimensions are frame dimensions.

LABELLING: Amon is indoor climate marked (Danish standard for indoor climate). See https://indeklimamaerket.dk for more information. Danish furniture control. https://furn-tech.dk/om-dansk-mobelkontrol/
