The Ash sofa represents joy, quality, and functionality, making it an ideal blend of Scandinavian design’s vital elements.

The slender legs of the Ash sofa bring a refined and clean look to any space. Due to the 100% down cushioning, the sofa’s shape evolves with your use over time, making the item both tactile and personal. Ensure that the sofa continues to look elegant by regular fluffing of the cushioned elements.

The standard version comes with a fixed cover, but it is possible to order a removable one that can be dry cleaned and changed as desired. Underneath the cover there is a calico cover made from 100% cotton to protect the upholstery.

Ash can be combined in numerous ways, including with a chaise lounge module, with each combination bringing its own personality and functionality. The program consists of a fixed sofa in three sizes and 19 different sections.

From minimalist living spaces to more public rooms, the Ash sofa invites the user to relax in comfort.

Standard leg is a stainless steel leg 16,5xØ1,8cm alternatively 16,5xØ2,2cm. Legs can be delivered in a black lacquered version (RAL 9004 matt) as well.

Seat height is standard 41cm (16 1/8”) but can be increased by 2cm (3/4”).

FEATURES:

- The sofa comes standard in three sizes and the sofa modules come in eighteen sizes making the length totally customisable, while the depth remains consistent.
- Fixed cover is standard but removable cover is available.
- Ash can be customised for individual wishes.
- Customise with fabric choices in 200+ options, including using your own fabric.
- Seat height can be increased by 2cm (3/4”) with our leg heightening kit. Standard leg is 16,5cmxØ1,8cm (65xØ3/4”) in brushed stainless steel.
- Optional legs are 16,5cmxØ2,2cm (65xØ7/8”).
- The legs come in black lacquered steel (RAL9004).
- 2 - 5 loose pillows are recommended per sofa for peak comfort.
- New cover is available for the model.

WHAT TO CONSIDER:

- Due to the down cushioning, this product does best with regular fluffing

FRAME: Frame in solid Scandinavian pine doweled together in triangular frames, assembled and braced with low emission Masonite, using a water-based glue. Seat suspension of highly elastic Nozag springs of varnished European carbon steel mounted in specially developed coated silent spring holders. The frame is upholstered with several types of high-quality polyurethane and hard foam for comfort and long durability.

CUSHIONS: The seat cushion is a down-top cushion consisting of a highly elastic polyurethane foam core with a wrap of 100% high-quality down and small duck feathers, sewn into a ribbed, down-proof cambric cushion (casing) in 100% cotton.

The cushion filling in other cushions is 100% high-quality down and small duck feathers, sewn into a ribbed down-proof cambric (casing) in 100% cotton.

All down and duck feathers is a biproducts from dead animals used in the food industry.

The down can emit a faint odor at high humidity and should be air-dried regularly. To maintain the shape and appearance of down cushion and pillows, regular fluffing-up and airing is recommended.

COVER: Ash is available upholstered with a fabric or leather from the entire Eilersen collection or upholstered with a COM fabric or leather (customers own material).

With fabric upholstery the standard delivery is with a fixed-frame cover, alternatively with a removable cover on the frame, both with an undercover in stout made of 100% cotton.

With leather upholstery the standard delivery is with a fixed cover on the frame with an undercover in stout made of 100% cotton.

All cushion covers are equipped with a high-quality zipper.

LEGS: Ash is delivered as standard with legs in brushed stainless steel 16,5xØ1,8cm alternative in brushed stainless steel 16,5xØ2,2cm. The height of the legs (seat height) can be increased by +2cm.

WARRANTY: The factory provides a 5-year guarantee to cover frame, springs and cushion filling.

No warranty is provided on fabric and leather from the Eilersen collection or on COM fabrics.

Please see guidance for choosing fabric and leather at HERE.

DIMENSION: All dimensions are frame dimensions.

LABELLING: ASH is indoor climate marked (Danish standard for indoor climate). See https://indeklimamaerket.dk for more information. Danish furniture control. https://furn-tech.dk/om-dansk-mobelkontrol/
