With its soft form and sturdy frame, the Aton Mini sofa brings a contemporary look to any space. The compact size was specially designed to bring elegance and comfort to small apartments and other small areas.

The thick frame has a low backrest that is bolstered by a long, firm single back cushion made with down padding.

The double back cushions - both long in the back and square in the front - offer unparalleled comfort while the all-over down padding creates an organic movement to the body of the sofa.

All seat cushions are the same width, either 65cm (23 5/8”), 70cm (27 ½”) or 80cm (31 ½”) wide, creating a cohesive yet soft look.

The standard version comes with a fixed cover, but it is possible to order a removable one that can be dry cleaned and changed as desired. Underneath the cover there is a calico cover made from 100% cotton to protect the upholstery.

Aton Mini is offered as a fixed two- and three-seater sofa in six sizes, sections, and footstools in 33 different sizes and shapes, all with either 65cm (23 5/8”), 70cm (27 ½”) or 80cm (31 ½”) wide seat cushions. This modularity makes it easy to adjust to the size and needs of your space.

The mini version of the Aton sofa has a reduced seat depth that makes it ideal for tiny apartments, office spaces, or hotel rooms.

Seat height is standard 40cm (15 ¾”) but can be increased by either 2cm (3/4”) or 4cm (1 1/2”).

FEATURES:

- The sofa comes standard in six sizes and the sofa modules in 33 sizes making the width totally customisable, while the depth remains consistent
- Customise with fabric choices in 200+ options, including using your own fabric
- Fixed cover is standard but removable cover is available
- Leg height can be increased by either 2cm (3/4”) or 4cm (1 1/2”) with our leg heightening kit. Standard leg is 6x6x6cm (2 1/3”).
- New cover is available for the model

WHAT TO CONSIDER:

- Due to the down cushioning, this product does best with regular fluffing
- The outer back cushion is not included and must be ordered separately
