Clean lines and uncomplicated elegance make Baseline an ideal starting point for your living room.

Baseline is a modular sofa that combines comfort and appealing aesthetics seamlessly, creating a silhouette that is both inviting and eye-catching thanks to a case that appears to float and a body that is at once plush and sleek.

Available as both a standard or customizable model, Baseline modules come standard in 14 sizes and shapes that can be combined to create the sofa that's perfect for your space, including an optional chaise lounge element. The seat and back of Baseline are upholstered with a flexible layer of pre-compressed fiberfill, optimizing comfort and durability. Neck-roll and large down back cushions can be added for next-level cosines, while extra-wide armrests mark the sofa for premium leisure.

Seat height is standard 40cm (15 ¾") but can be increased by either 2cm (3/4") or 4cm (1 1/2").

FEATURES:

- The sofa comes in 11 different modules that can be configured as desired, including in 360° positioning
- When ordered with a fabric or leather cover all frame covers are always removable including a calico cover underneath.
- Seat height can be increased by either 2 (3/4") or 4cm (1 1/2") with our leg heightening kit. Standard leg is 6x6x6cm (2 1/3")
- New cover is available for the model

WHAT TO CONSIDER:

- Due to the down cushioning, this product does best with regular fluffing
- The back cushion is not included and must be ordered separately

FRAME: Frame in solid Scandinavian pine doweled together in triangular frames, assembled and braced with low emission Masonite, using a water-based glue. Seat suspension of highly elastic Nozag springs of varnished European carbon steel mounted in specially developed coated silent spring holders. The frame is upholstered with several types of high-quality polyurethane and hard foam for comfort and long durability.

CUSHIONS: The seat cushion is a down-top cushion consisting of a highly elastic polyurethane foam core with a wrap of 100% high-quality down and small duck feathers, sewn into a ribbed, down-proof cambric cushion (casing) in 100% cotton.

The cushion filling in other cushions is 100% high-quality down and small duck feathers, sewn into a ribbed down-proof cambric (casing) in 100% cotton.

All down and duck feathers is a biproducts from dead animals used in the food industry.

The down can emit a faint odor at high humidity and should be air-dried regularly. To maintain the shape and appearance of down cushion and pillows, regular fluffing-up and airing is recommended.

COVER: Baseline is available upholstered with a fabric or leather from the entire Eilersen collection or upholstered with a COM fabric or leather (customers own material).

With fabric and leather upholstery the standard delivery is with a removable cover on the frame, with an inner cover in stout made of 100% cotton.

All cushion covers are equipped with a high-quality zipper.

LEGS: Baseline is delivered as standard with hidden black legs, 60 x 60 x 60 mm (2,36 x 2,36 x 2,36”), moulded in nylon (Polyamide PA6) produced with a content of 98% recycled plastic.

The height of the legs (seat height) can be increased by either + 20 mm (0,78”) or + 40 mm (1,57”).

WARRANTY: Eilersen provides a five-year manufacturer’s warranty against defects in the frame, springs and cushion filling.

No warranty is provided on fabric and leather from the Eilersen collection or on COM fabrics.

Please see guidance for choosing fabric and leather at HERE.

DIMENSION: All dimensions are frame dimensions.

LABELLING: Baseline is indoor climate marked (Danish standard for indoor climate).

See https://indeklimamaerket.dk for more information.
